### Letter to the Examiner

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Applicant's attorney submitted an Information Disclosure Document electronically today using the Patent Office's electronic "ePave system". Inadvertently, it appears that a block was checked indicating:

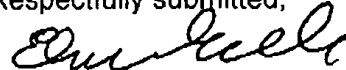

"That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the statement" etc.

The above reference block was checked inadvertently. It should not have been checked.

It is noted that no fee is required for this IDS since applicant has not as yet received an office action in this application. Thus, checking the above referenced block has no practical effect. The error was only noticed after the IDS was sent and printed in paper form.

Applicant regrets this error.

Respectfully submitted,

Elmer Galbi, Reg. No. 19,761
